

EARLY YEARS

We welcome Early Years groups, from ages 3 to 5, to come visit the Museum Monday to Fridays to experience a journey through our Time Tunnel with an accompanied workshop.

LETS GO SHOPPING

This playful and explorative workshop uses storytelling, craft & play to engage with healthy food, buying and selling through a group market activity, setting up your very own market stall ready for business. Links to the Early Years Development Framework include: ***Communication and language, Physical development, Literacy and Numeracy.***
