THE MUSEUM OF BRANDS, PACKAGING AND ADVERTISING

The Museum of Brands, in its new location, provided the ideal destination for our recent meeting: spacious meeting room, very attentive staff and a great brands Time Tunnel experience for drinks. A creative and inspiring dinner and meeting venue.

This makes it a fantastic venue for a wide range of corporate and social events. We have an assortment of adaptable event spaces for hire during the day and/or evening. Our spaces are bright and fresh with big windows and of course, there's the unique grassy floor of our Conference space.

You can hire the entire Museum every evening for a drinks reception for up to 200 people and we can seat 80 people for dinner in the Branding Hall. Our Conference Space holds up to 100 people and is perfect for innovation sessions, awaydays, workshops, presentations and conferences.

And to spark creative thinking, our Time Tunnel reveals the evolution of branding and design from Victorian times to the present day.

And then there's access our awarding winning courtyard garden...

Evening Event Space

Branding Hall

This bright and exciting space houses exhibition cases showing the evolution of some of the world's greatest and best known brands. It is engaging, exciting and thought provoking and at the same time, elegant and sophisticated enough to create a great space for a reception for 200 or dinner for 80 people.

Time Tunnel

Wandering through the Time Tunnel gives a truly inimitable insight into consumer culture from the Victorian era to the present day. It shows how people marketed their products through the ages thus reflecting the development of society as a whole.

Unusually for exhibition space, you can enjoy a drink as you stroll through our displays revealing over a 100 years' of branding, packaging and advertising.

Award Winning Garden

Probably one of the best kept secret gardens in London, this wonderfully tranquil place has plenty of garden seating and can comfortably accommodate 60 people standing.

The planting is lush with herbaceous perennials, climbers and sub-tropical plants, all flourishing in the micro climate of this exquisite courtyard garden. We can offer daytime access and it can be used exclusively from 6pm.

Hiring the evening event space gives you exclusive access to all three of these areas.

Thank you for the excellent amenities that were afforded to our group. The meeting room was bright, airy and spacious and lent itself admirably to a motivated meeting. Additionally, the sustenance provided was extremely well received. The tour around the museum was both interesting and enlightening and it was notable as to how the information on and packaging in current use have progressed.

Tesco Stores Ltd

Due to the nature of our business, our meetings are always related to the power of brands. To be able to hold a meeting on this subject, in a museum all about brands, is a fantastic fit. And the ability to be able to wander around the museum in breaks, is very novel. The room itself, catering and staff were all very good. I will definitely recommend this venue to colleagues for future meetings.
