

# EARLY YEARS

## Interactive workshop and self-guided tour

We welcome Early Years groups to visit the museum on Mondays for an interactive workshop and self-guided tour of the Time Tunnel and Branding Hall.

Information packs for group leaders are available with prompt questions and highlights to point out as your travel through the decades from Victorian times to present day. Email Rose to receive your information pack before your visit.

## Let's Go Shopping

A playful and explorative hour-long workshop in our dedicated learning space. Activities include shopping focused storytelling, pulling on white gloves to handle packaging from Victorian times, and buying and selling market stall play with the museum team.
